Our highly experienced Registered Cosmetic Nurses use only premium and TGA-approved products.

All new clients seeking out Treatments which require a prescription product to be used, are advised to book in for a **Full Face Consultation** where a full treatment plan will be discussed on an individual basis.

Due to recent TGA advertising guideline changes we are unable to advertise pricing or names of prescription treatments we carry out in clinic. Treatment options and pricing will be discussed on a consultation basis.

Prescription Treatments include -

Wrinkle Reducing Treatments (Frown, forehead, crows feet as an example)

&

Volume Enhancing Treatments (Lips, cheek, jawline, chin as an example)

&

Collagen Stimulating Treatments (Hydration and collagen stimulation treatments to address skin laxity)

REJURAN

INTRODUCING REJURAN: THE REVOLUTIONARY NEW SKIN TREATMENT NOW AVAILABLE AT THE SKIN NURSE

Derived from salmon DNA, Rejuran is a paradigm shift in skincare that aims rejuvenate and revitalize your skin like never before.

The Origin of Rejuran: Derived from salmon DNA, Rejuran harnesses the regenerative properties of salmon DNA to promote skin healing and regeneration. Originating from South Korea, where skincare innovation thrives, Rejuran has quickly gained popularity worldwide for its reliable results in all skin types.

How Rejuran Works: The procedure involves the injection of Rejuran into the skin using a fine needle. The active ingredients in Rejuran stimulate collagen production, improve skin elasticity, and enhance overall skin texture. The treatment is minimally invasive and requires minimal downtime, making it an ideal option for busy individuals seeking effective skincare solutions.

Long-Lasting Results: While individual results may vary, many patients report that the effects of Rejuran can last for several months to a year, providing long-lasting rejuvenation and revitalization.

Key Benefits of Rejuran:

1. **Stimulates Collagen Production:** Rejuran boosts collagen production in the skin, leading to firmer, more youthful-looking skin.
2. **Improves Skin Texture:** Rejuran smoothes out fine lines, wrinkles, and other imperfections, resulting in a more radiant complexion.
3. **Enhances Skin Elasticity:** By promoting skin regeneration, Rejuran helps improve skin elasticity and firmness, reducing sagging and promoting a more lifted appearance.
4. **Reduces Pigmentation:** Rejuran helps to fade dark spots, hyperpigmentation, and other skin discolorations, resulting in a more even-toned complexion.

SKIN HEALTH ASSESSMENT

INCLUDES ENZYME ACTIVATION &
HEALITE LED TREATMENT

45 mins - \$199

This comprehensive professional consultation and advisory service is recommended for all new clients to the clinic. During this holistic consultation we can assess your skin concerns and create bespoke treatment plans and home care suggestions for long term skin maintenance.

You will also receive your first Enzyme Activation & Healite LED Treatment. We will teach you how to properly cleanse and care for your skin at home using your prescribed homecare. You will go home with a comprehensive skincare regimen & treatment plan to ensure you achieve the results you desire.

HEALITE LED

"GIFT OF LIGHT FACIAL"

30 mins - \$110

HEALITE II is a second-generation Light Emitting Diode (LED) phototherapy system that is now available in Australia and is TGA approved. HEALITE is a non-ablative skin surface treatment system that uses light delivered through light emitting diodes to deliver pure light in precise wavelengths for the treatment of fine lines and wrinkles, acne, rosacea, wound healing, scar reduction, large pores and psoriasis.

Following a deep cleanse, Healite LED is applied for the required treatment time. This is then followed with a dermal boosting mask to promote firming, tightening and healing. Healite LED stimulates cellular regeneration and the production of collagen and elastin.

HYDRAFACIAL

INCLUDES HEALITE LED & HYDRATION MASK

30 mins (Face & Neck) – \$249

add on HydraFacial Décolletage or Hands +\$50

You will love the feeling of HydraFacial!

HydraFacial is the amazing no-downtime, non-surgical skin resurfacing treatment that achieves the results of an advanced facial in just 30 minutes. The secret to HydraFacial is a patented spiral tip that can simultaneously exfoliate, clear blocked pores and deliver nourishing serums. Immediately after treatment you will see an instantly noticeable improvement in skin tone and texture. Your skin increases its uptake of antioxidants to help improve your skin health and you will experience the amazing glow that only HydraFacial can deliver!

1. DETOX

Begin with Lymphatic drainage that improves circulation of the lymph system and helps to eliminate toxins.

2. CLEANSE + PEEL

Uncover a new layer of skin with gentle exfoliation and relaxing resurfacing.

3. BRIGHTEN

A gentle glycolic and salicylic solution helps loosen debris from your pores, brightening your skin.

4. EXTRACT + HYDRATE

Remove debris from pores with painless suction. Nourish with intense moisturisers that quench skin.

5. FUSE + PROTECT

Saturate the skin's surface with antioxidants and peptides to maximise your glow.

6. REJUVENATION

Finish with infrared LED light to reduce redness and further stimulate collagen, supporting the natural production of vitamin D.

***Skin must be prepped on active skincare 2 weeks prior to this treatment.**

HYDRA'BRITE+

HYDRAFACIAL, VITABRITE ENZYME & LED

45 mins – \$299

add on HydraFacial Décolletage or Hands +\$50

Combining the original HydraFacial treatment but with the added step of our most popular Level 1 Corrective peel, for deeper yet gentle exfoliation. This treatment is ideal for deep congestion of the skin but with limited downtime of our more intense corrective treatments. Your therapist may elect to do manual extractions also if deemed necessary at the time. Prepare for your skin to feel deeply cleansed and glowing after your treatment.

***Skin must be prepped on active skincare 2 weeks prior to this treatment.**

HYDRA'FIRM

HYDRAFACIAL & FORMA RF

60 mins – \$550

add on HydraFacial Décolletage or Hands +\$50

Combining our ultimate "no downtime" Skin Tightening technology and the original HydraFacial, this treatment is ideal for rejuvenating and tightening the skin. It uses Forma radio-frequency to target deep into the layers, which results in the production of natural collagen, leaving the skin plump and radiant.

Prepare for your skin to feel exfoliated, fresh and lifted after 1 treatment.

***Skin must be prepped on active skincare 2 weeks prior to this treatment.**

CLINICAL CORRECTIVE PEEL

30 - 45 mins - from \$225

add on Décolletage or Hands - \$50

These areas will often show our true age...don't forget to treat early!

Corrective Peel Treatments are designed to address sun damage, pigmentation, rosacea, congestion, pores, melasma and poor skin texture. Customised to individual treatment plans and skin conditions.

Level 1 (30 mins) \$225 - Suitable for new clients to the clinic or for clients requiring a maintenance skin treatment with minimal downtime.

Level 2 (45 mins) \$299 - Suitable for clients who are prepped with recommended homecare products and who require a more advanced treatment.

Level 3 (60 mins) \$349 - Our most advanced corrective peel treatment for persistent skin concerns or for clients who want to progress their results. Expect some social downtime after this treatment.

*Manual Extractions included (if required & at the discretion of your Skin Nurse).

*Skin must be prepped on active skincare 2 weeks prior to this treatment.

BACNE TREATMENT

40 mins - \$275

The perfect purifying & decongesting treatment specific to breakouts on the back OR Face/Neck

This treatment uses a combination of modalities including Tri Exfoliating Scrub, Extractions, corrective peels & Healite LED to reduce c.Acnes bacteria. Ideal for anyone requiring decongestion specifically on the back.

BIOREPEEL

30 mins - \$275

BioRePeel & Needling - \$325

add on Neck & Décolletage +\$150

These areas will often show our true age...don't forget to treat early!

It's the acne, pigment and juicy skin peel - the 35% TCA BioRePeel packs a punch with little to no downtime.

BioRePeel uses a patented 2 phase technology which provides a bio-stimulating, moisturising, revitalising, and peeling effect all in one.

BioRePeel is excellent in anti-ageing due to it containing all the essential amino acids and vitamins your skin needs. Also, it decreases damage from UV light, pigmentation or acne. The essence of the treatment lies within its mild exfoliation.

This treatment is suitable for young skin during acute stages of acne, black heads, with recent or 'fresh' scarring, as well as treating fine wrinkles.

For longterm results we recommend a course of 4-6 treatments, approximately 7-12 days apart.

BioRePeel can also be done as a stand-alone treatment for the maintenance of your skin or before a big event to get your best glow.

*Manual Extractions included (if required & at the discretion of your Skin Nurse).

*Skin must be prepped on active skincare 2 weeks prior to this treatment.

THE SKIN NURSE

IS CLINICAL CHAMPAGNE ON ICE

30 mins - \$249

Including LED (45 mins) - \$299

Our Champagne On Ice Luxe treatment produces a foaming activity, making the skin feel 'bubbly and fizzy' while the bio active ingredients exfoliate and deep cleanse the pores, to reveal a polished radiant complexion.

This is our sister treatment to the Fire and Ice Treatment. Using the same 'ice' mask but a gentler 'fire' part for those sensitive skins.

Designed to revive tired and congested skin, this facial has a powerful yet soothing Foaming Enzyme Masque system which is perfect for sensitive and rosacea prone skin.

CHAMPAGNE ON ICE FACIAL IS USED TO TREAT:

- Impaired skin
- Sensitive skin
- Blemish-prone and congested skin
- Rosacea prone skin
- Dull and dehydrated skin

*Manual Extractions included (if required & at the discretion of your Skin Nurse).

*Skin must be prepped on active skincare 2 weeks prior to this treatment.

IS CLINICAL FIRE & ICE

45 mins – \$300

Including HydraFacial (60 mins) - \$400

Experience the resurfacing and rejuvenation powers of the Fire & Ice Facial.

Designed to rapidly and safely resurface the skin, the Fire & Ice Facial treatment involves the combination of warming and cooling sensations that will leave your skin feeling refreshed and invigorated.

Often referred to as the "Red Carpet Facial", the Fire & Ice Facial has been the go-to treatment of celebrities and non-celebrities alike for its effective benefits.

Beginning with an intensive resurfacing masque to heat up the skin, the treatment is concluded by a rejuvenating masque to cool down. Enjoy added benefits of refined skin texture, diminished look of blemishes, and improved appearance of fine lines and wrinkles – all with little to no downtime.

Add in HydraFacial for an extra layer of GLOW!

FIRE & ICE FACIAL IS USED TO TREAT:

- Fine lines & wrinkles
- Textured skin
- Blemish-prone and congested skin
- Uneven skin tone
- Dull and dehydrated skin

*Manual Extractions included (if required & at the discretion of your Skin Nurse).

*Skin must be prepped on active skincare 2 weeks prior to this treatment.

IS CLINICAL PRODIGY PEEL

30 mins – \$400

Course x 3 Prodigy Peel series(P2 & P3) - \$1000
(includes take home pack and 3 x LED Treatments)

The iS Clinical Prodigy Peel is a professional-grade, multi-acid peel system designed to resurface the skin, improve texture, and promote a more radiant, youthful complexion.

This treatment effectively targets fine lines, wrinkles, uneven skin tone, blemishes, and pigmentation with minimal downtime. Combining lactic, salicylic, and citric acids with powerful brightening and anti-aging ingredients, it encourages cellular renewal and reveals smoother, clearer skin. Suitable for most skin types, the Prodigy Peel is ideal for clients seeking visible results with minimal disruption to daily life.

Skin may experience light flaking post-treatment, revealing refreshed and revitalized skin within days.

*Manual Extractions included (if required & at the discretion of your Skin Nurse).

*Skin must be prepped on active skincare 2 weeks prior to this treatment.

EPI BLADING TREATMENT

INCLUDES DERMAL BOOSTING MASK & HEALITE LED

30 mins – from \$199

Including HydraFacial (45 mins) - \$299

Epi-blading is a safe, painless and highly effective clinical treatment designed to evenly and deeply exfoliate the skin of the face. Performed using an Epi-blade to manually exfoliate the skin. HYCOOX PRP TREATMENT

PRP

Face & Neck – \$750 (approx. 6mls Plasma)

Can be used to treat Face or Neck or Décolletage

Platelet Rich Plasma is a natural occurring component of your own blood. PRP encourages skin rejuvenation by stimulating the growth of your own collagen and improving blood supply to the tissue, both of which are important factors in anti-aging therapies. Your Skin tone and texture will improve as the PRP stimulates new collagen growth. Visible results take up to 12 weeks and clinical studies have shown that the effect continues over time and usually lasts longer than any other injections therapies.

Our Registered Nurses will draw a sample of your blood (same technique as a blood test). Blood cells are then separated by a centrifuge machine to separate serum and platelets. Platelets are then directly injected into the patient's desired treatment area.

The treatment also includes topical anaesthetic, Healite LED & Hydration Mask post treatment. The PRP is delivered with our HYCOOX automatic injector which reduces pain and downtime.

HYCOOX GLASS SKIN TREATMENT

SKIN BOOSTING & HYDRATION

Face - \$750

Face & Neck - \$900

Achieve the ultimate radiant, poreless "glass skin" glow with our HYCOOX Korean Glass Skin treatment. Using the advanced HYCOOX auto-injector, a custom blend of skin-rejuvenating serums—including hyaluronic acid, peptides, vitamins, and antioxidants—is delivered precisely into the skin. This treatment deeply hydrates, smooths fine lines, refines pores, and evens out skin tone with minimal discomfort or downtime. Perfect for dull, dehydrated, or uneven skin seeking a luminous, dewy finish.

Advanced Skin Rejuvenation with Precision & Comfort
The HYCOOX Auto-Injector is a cutting-edge device designed to deliver skin-rejuvenating treatments quickly, comfortably, and with pinpoint accuracy.

This smart technology minimises discomfort, bruising, and downtime while enhancing results, making it ideal for treatments targeting hydration, fine lines & dullness.

The treatment also includes topical anaesthetic, Healite LED & Hydration Mask post treatment. The PRP is delivered with our HYCOOX automatic injector which reduces pain and downtime.

THE SKIN NURSE

MORPHEUS 8 RF MICRONEEDLING

Priced from \$750

Package prices available.

Morpheus8 by InMode is an advanced Radio-Frequency (RF) treatment that uses insulated micro needles to stimulate collagen production and effectively remodel fatty tissue. It can achieve significantly smoother, tighter, younger-looking skin and improved contours on the face, neck and body with minimal discomfort and downtime.

Morpheus 8 is one of the most innovative new technologies available to clients. It is a microneedling device that uses radio-frequency energy to contract connective tissue under the skin, stimulate collagen production and remodel the underlying structure of the skin.

Smooth, radiant skin is something we all strive for, regardless of our age. Over time, our skin loses its ability to produce collagen and elastin, the building blocks of plump, firm and smooth skin. Morpheus8 is the first full-body radiofrequency microneedling device to morph and sculpt ageing skin. What makes Morpheus8 treatment stand apart from other microneedling devices available is that it can also be used to remodel subdermal fatty tissue, contouring areas of the face and body for natural-looking anti-ageing results.

We are excited to be one of the first clinics in Western Australia, to acquire this ground breaking device. As such our highly skilled practitioners have significant experience with Morpheus8 treatments, delivering sensational results to the face, neck and body for our clients.

You should be able to see improvements in your skin's texture and quality within a few days of your initial treatment. Optimal results – tighter, brighter skin with enhanced contours – will gradually appear over the next 3 months as your body begins to produce more collagen and elastin and tissue remodeling takes effect.

***You must have completed a Skin Health Assessment and be using active skincare prior to your 1st Morpheus 8 Treatment.**

SYLFIRM X

Priced from \$249

Package prices available.

Sylfirm X is the newest radiofrequency microneedling system that combines the rejuvenating benefits of microneedling with the technology of radiofrequency waves to improve the appearance of the skin.

What is Sylfirm X?

Sylfirm X is a skin treatment that combines microneedling with radiofrequency (RF) heat. Due to its unique technology of radiofrequency pulse and continuous waves, Sylfirm X is the most advanced device available on the market today for total skin rejuvenation. It is the only dual pulse wave RF microneedling device, which allows the treatment penetrate deep or superficially depending on the targeted areas. Sylfirm X stimulates collagen production, tightens and tones, reduces skin laxity, while re-texturizing and rejuvenating the skin.

It is minimally invasive resulting in minimal downtime, and can offer immediate, incredible results. It's collagen boosting technology tightens and rejuvenates skin texture & appearance like no other device on the market. It is the only radiofrequency microneedling device approved to safely treat hard-to-treat conditions like rosacea and melasma, while offering immediate and long term skin tightening results.

What does Sylfirm X treat?

Sylfirm X is designed to treat skin laxity, tone, and texture while being appropriate for all skin types. Being a powerful contouring tool, it can tighten crepey skin around the face, eye area, and neck, and can help reduce jowls. With its different settings of pulse-wave & continuous-wave, it can also treat various skin issues such as melasma, post inflammatory hyperpigmentation, rosacea, and acne scars. While the skin and neck are common areas of treatment for Sylfirm X, it can also be used to tighten skin on areas like that abdomen and inner arms with noticeable results. Sylfirm X uses the most advanced radiofrequency technology available; because of this, the results are significant in comparison to other radiofrequency devices as the benefits can be noticeable immediately, there is virtually no downtime and patients report little to no pain.

HAIR HEALTH PROGRAMME

Our Hair Health Regrowth Programme consists of a combination approach of PRP Treatments with our pain free delivery device to the scalp, Skin Needling with topical Growth Factor exosome solution that acts as a regenerative complex and low level laser light therapy post-treatment for optimal results.

The use of exosomes has been shown to help with hair growth due to their ability to calm inflammation and irritation. When this inflammation and irritation goes away, the hair follicles are able to have increased regrowth, as it stimulates blood vessels in the scalp to promote hair growth.

SCITON HERO FOREVER YOUNG BBL

Introducing **Forever Young BBL HERO** from Sciton, a revolutionary treatment that send light energy deep into the skin to boost the bodies natural ability to fight aging. Skin doesn't just look younger – it's genetically programmed to be younger!

Forever Young BBL reaches deep into the cell and activates certain genes associated with youth, while turning off other genes tied to aging. As a result, you create more of the kinds of proteins and other building blocks you had when you were younger. New skin cells are actually programmed to be younger, while giving you beautiful youthful skin.

Only Forever Young BBL is clinically proven to stop the skin from aging. In a proven 10 year clinical study from Stanford University, results showed, that regular treatments produce skin that looks younger than it did before starting treatment.

Forever Young™ BBL treats a wide variety of skin conditions and is ideal for bringing back a healthy, luminous glow to the skin. Its advanced technology serves to rebalance the texture and clarity of your skin by rejuvenating cells naturally, without the use of any scalpels, needles or surgical intervention.

Forever Young BBL HERO has the power to control active acne and remove age spots, freckles, redness, small vessels, and spider veins (telangiectasia).

Use it across all areas of the body to treat a range of skin issues:

- Face: reduce sun damage, facial veins, hyperpigmentation, age spots, acne and skin blemishes
- Neck: smooth lines, wrinkles and blemishes across the neck
- Arms, shoulders, back & legs: reduce the appearance of freckles and firm up the skin
- Hands: minimise freckles, age spots and wrinkles

SCITON SKINTYTE

As we age, skin loses its youthful firmness and natural elasticity, especially around the jawline and neck where it can add years to your appearance.

This infrared light therapy treatment is suitable for;

- Clients desiring a noticeable skin tightening without surgery
- No downtime, maximum results treatment

SkinTyte can help delay or eliminate the need for surgical procedures by improving the appearance of severe wrinkles and restoring a youthful contour to the face and body.

The treatment utilises advanced infrared light technology to improve the appearance of lax skin.

Rapid, gentle pulses initiate the body's natural healing process, which leads to an improved appearance of sagging skin.

This treatment can be performed on any area of the body where an improvement in the appearance of sagging skin is desired like the neck or abdomen. We are able to treat the entire face and anywhere on the body.

Usually between 4 and 6 treatments spaced 4 weeks apart are required for best results.

Results are visible in as early as 2 weeks. The body will continue to produce collagen to tighten the skin with full results visible in up to 4 months.

FAQ ABOUT SCULPT X

How long with the Sculpt X Treatment take?

Each session will take roughly 30 minutes to complete. The number of treatment sessions you require to achieve your goals will be clearer after your consultation. We will help you create a treatment plan that is tailored to your specific goals, thus giving a clear idea of the amount of treatments you will need.

How much per treatment?

Sculpt X is \$250 per single treatment. We offer packages of 10 Treatments for \$2000 (per area). We offer a *MONEY BACK GUARANTEE on a package of 10 treatments used over 5 weeks – ask us at consultation to see if you are eligible! Sorry for shouting...but we are so confident you will get results that we put this 100% MONEY BACK GUARANTEE in place. *T&C's apply.

Is there any downtime?

One of the primary benefits of Sculpt X technology is that it is a non-invasive procedure that requires no recovery time. You also do not need to worry about any pre or post-treatment preparation for this procedure.

When will I see results?

You will feel tangible results immediately after the treatment. Aesthetic results are usually seen two to four weeks after your last Sculpt X session. The results will continue to improve for several weeks after your treatments as well.

How long will the results last?

Your improved muscle tone will last for at least six months; however, this can be extended for an immeasurable amount of time if you maintain a healthy lifestyle with regular exercise and a healthy diet. The fat loss in your abdomen area is considered to be long term as the fat cells that are destroyed will not return. New fat cells can form; however, if a healthy lifestyle is not maintained.

FAQ ABOUT SCULPT X

Is there any reason why I cannot have treatment?

A consultation with our team is vital to determine if this is the right path forward for you, but this may be an appropriate procedure if:

1. You are at or close to your ideal weight
2. You are health-conscious and exercise regularly
3. We are made aware of your prior surgeries such as a C section, abdominoplasty or liposuction

It is important to note that treatment may be performed on patients with higher BMI's. Muscles may still be strengthened, but fat will cover the muscle definition.

If any of the following conditions are relevant to you, this procedure may not be suitable:

- You are pregnant or breastfeeding
- You have a cardiac pacemaker, defibrillator, or implanted neurostimulator
- An implant device is present
- There is a history of hernia repair with mesh
- You've had a recent surgical procedure
- Any injury is present, or damage to muscle or soft tissue in the area to be treated
- There is an active hernia
- You are under 18 years old
- Metal rods, pins, plates, metal IUD or orthopaedic implants/joints are present
- Pulmonary insufficiency, cardiac disorders, epilepsy or active malignancy
- Bleeding disorders, or taking blood thinners

*T&C's apply.

VITAMIN INFUSIONS

Vitamin therapy is an effective way to deliver nutrients and vitamins to the body because this technique works with the circulatory system. Supplements are administered directly into the bloodstream, by-passing the digestive system, making nutrients readily available for immediate use.

Vitamin therapy ensures close to 100% absorption for maximum effect and minimal waste. Because nutrients and supplements are delivered directly to the cells that need them, vitamin therapy has the potential to impact and improve the function of a wide variety of body systems.

Base Infusion – \$199

Includes consultation, scripting and base fluids.
